

Why can't I contact you by telephone?

As an online company, we pride ourselves on being able to offer our service at the lowest possible price. Manning telephones will mean our costs would be higher, which would mean our prices would have to rise. If however, customers tell us that telephone contact is desirable, we will of course look into providing this option. All customers can contact us any time on e-mail address enquiries@dreamhomedirect.co.uk
